NEW SPROUTS MANDARIN CHINESE
AFTER SCHOOL AT GLENVIEW
WINTER 2010

CCEA New Sprouts is offering Beginner Mandarin classes for children in **grades K through 5th Grade at Glenview Elementary School**. Students are divided into 2 classes according to their grades.

We have custom tailored lesson plans and materials designed to introduce the Chinese language and culture to children with little or no experience in Chinese. Children will learn useful conversational phrases through friendly instruction and role playing, picture flashcards, Chinese songs and rhymes, and arts and crafts. Children will also have online access to continue their review of Chinese lessons at home (parent participation is encouraged).

Our program is a **once a week commitment, and each class is 75 minutes long**, designed for consistency and repetition, with a class size limit of 10. Curriculum is designed for mixed ages and levels and is refreshed each semester. Scholarships are available for 1 qualifying student per class (must be approved by Glenview Elementary officials).

∞∞
